

Central Coast Stage 5 STEM Day

Tuesday 23rd September 2025
University of Newcastle: Ourimbah Campus

We're excited to invite your Stage 5 Science students to a hands-on, curriculum-aligned STEM Day on Tuesday, 23rd September. This immersive day is suited to HPG or STEM accelerated classes and will see students rotate through five engaging stations, each designed to spark curiosity and deepen understanding of water, sustainability, and environmental science.

Station Highlights:

Create a Water Reservoir & Pipeline – Central Coast Council Water & Sewer
Biodiversity Garden & Water Bugs – Central Coast Council
Environmental Science Activity – Rumbalara Environmental Education Centre
Drone Piloting & VR Engineering – GHD Engineering
Water Quality Monitoring Lab Skills – University of Newcastle

This is a fantastic opportunity for students to apply scientific thinking in real-world contexts, interact with industry professionals, and explore future career pathways. Bookings are essential and places are limited.
